Final Situation Report Late Spring Flooding Event June 30, 2008, 4pm

Note: The Morning Situation Summary will continue daily TFN.

SUMMARY

Governor Matt Blunt has announced President Bush approved his request for an Expedited Major Disaster Declaration for 22 Missouri counties and the City of St. Louis as a result of flooding and severe weather along the Missouri and Mississippi Rivers. Direct Federal assistance has been made available for the following Counties: Andrew, Atchison, Buchanan, Cape Girardeau, Clark, Holt, Jefferson, Lewis, Lincoln, Marion, Mississippi, New Madrid, Nodaway, Pemiscot, Perry, Pike, Platte, Ralls, St. Charles, St. Louis, Ste Genevieve and Scott Counties and the independent City of St. Louis.

State Emergency Operations Center (SEOC) continues to monitor water along the Mississippi River, Missouri River and rivers in the northern Missouri area. SEOC has reduced operations to a level 1 status (SEMA staff only). **Two shelters were open with a population of 24 people.** Heavy rains during the past week in various parts of the state have created flash flooding in several counties. The Missouri State Highway Patrol assisted with search for a missing person, after a vehicle was found in floodwaters in Sullivan County. That search has been suspended and will resume when water recedes.

Flood Report

Missouri	Glasgow, MO.	30.69 ft. (25.0 ft.)	Falling, will fall BFS 7am 7/3 (THU)
Missouri	Boonville, MO.	26.74 ft. (21.0 ft.)	Falling, will fall BFS 1pm 7/3 (THU)
Missouri	Jefferson City, MO.	25.69 ft. (23.0 ft.)	Will Crest at 26.1 ft. 1pm 7/1 (TUE)

Accredited
Agency

County Reports:

Chariton County – State roadways are still closed. Bridge inspections on Highway 24 are in progress. Officials are attempting to open the Highway. Other State highways and county gravel road repairs are being assessed. Missouri State Highway Patrol reports the levee on the Grand River has broken between Sumner and Triplett. Fewer than 20 homes have been evacuated.

Clark County – Many roads, culverts and bridges are affected and may be closed due to last week's heavy rainfall.

Jefferson County - At Kimmswick on State Route K water is close to over-topping the roadway.

Lincoln County – Water continues to affect many areas around Winfield. Much of the City of Foley is affected by floodwaters.

Marion County – The County EOC is standing down and returning to regular hours of operation as of 8am Tuesday. Levee monitoring is ongoing.

Pike County – In Louisiana the National Guard will stand down Tuesday and Wednesday at Clarksville. The floodwalls are holding and pumps are all working. Damage assessments are in progress in Clarksville by local authorities.

St. Charles County – West Alton officials are still monitoring the water near the top of the levee.

Stone County - County EMD reports flash flooding, with nearly 40 water rescues undertaken as a result. 30 people were rescued from an RV campground near Galena. RVs were left behind in water. Nine others were rescued from mobile home park in Reeds Spring. Numerous county roads have been washed out with heavy damage.

Vernon County - Roads are badly damage and culverts are washed out because of heavy rain over the past weekend.

Webster County - Weekend flooding has damaged roads and bridges. Two houses have water damage at this time.

State Agencies :

The State Emergency Management Agency – State EOC is activated at Level-1 (SEMA staff only), **with operating hours of 7:30 am-4:30 pm.** SEMA Human Services Branch requests if agencies or individuals can donate through the Aid Matrix Network found at aidmatrixnetwork.org. Agencies wanting access to donations to the system can contact Human Services. **SEMA will be sending damage assessment teams into the counties that suffered flash flooding last week in various parts of the State.**

Missouri Information Analysis Center – MIAC continues to provide situational awareness information to SEMA and other Public Safety organizations.

Missouri State Highway Patrol – Troop C has an aircraft in the air at this time on levee recon. Most Patrol staff have returned to normal operations.

Missouri Division of Fire Safety – The Incident Support Team has stood down at Clarksville. Long term planning for the Clarksville area is underway.

Missouri State Water Patrol – Additional officers are working flooded areas. MSWP has officers stationed at Winfield checkpoints to monitor rising water. Additional officers are responding to the scene this weekend to assist.

Missouri Department of Agriculture – Has returned to normal operating conditions.

Missouri Department of Corrections – Has returned to normal operating conditions.

Missouri Department of Conservation – The Department has over 100 employees performing flood duties in Ralls, Marion, Lewis, Clark and Pike Counties. They are sandbagging and using rescue boats in support of local authorities. Agents will be working in the flooded areas as needed.

Missouri Department of Health and Senior Services – Preparations for cleanup are beginning. DHSS is working on requests for Tetanus vaccines for the local responders.

Missouri Department of Mental Health – They have opened another Crisis center to help victims of the flooding. The Crisis Call phone number is 1-800-811-4760 and more information is located on their website. Counseling is available to families and individuals impacted by flooding. Mental Health information is being prepared for distribution to the flood areas. Emotional wellness sheets are available for download on the DMH website. DMH is looking into stress management for first responders in the flood emergency.

Missouri Department of Natural Resources – DNR reports City of Omaha, NE was discharging sewage into Missouri River. DNR has advised local officials in northwest Missouri of situation. There is a wastewater problem at the Portage Des Sioux Waste Water plant and the plant is being monitored. Two wells are off-line in Winfield but the city is using other wells. DNR continues to provide information on well water sanitation, and the proper disposal of sandbags and wastewater treatment plants on the DNR website and in the field. Displaced persons for a few more days only can stay in any State Park for free. Crane suffered a by-pass in their sewage system (manhole blow out). DNR reports that this has been secured.

Department of Natural Resources, (DNR)- Division of Environmental Quality - They have packets on flood cleanup procedures ready to hand out.

Missouri Department of Social Services – DSS continues to assist Human Services agencies as requested around the flooded areas. Family Support Division (FSD) and Children's Division (CD) staff continue to manage/assist with shelter operations in Kahoka. Staff is available to assist the Salvation Army with feeding operations as needed. A complete list of open shelters can be found at the DSS website.

Missouri Department of Transportation - MoDOT reports **50** road closures. One Bobcat was deployed to Winfield. Highway/Road closings include:

State Hwy 79 in various locations from the I-70 junction to Hannibal.

U.S. 54 at Louisiana, Missouri.

U.S. 61 in several locations south of St. Louis.

U.S. 24 in parts of Chariton and Randolph Counties.

State Hwy 94 at the Missouri River in St. Charles County.

District 10 is conducting damage assessments.

A 200 ft levee has been constructed to protect southbound U.S. Route 67.

Sandbags have been placed near Highway 51 in Perry County to allow access to Chester Bridge.

Missouri National Guard and Missouri Air National Guard – 569 soldiers were working in Pike, Marion, Lewis, Lincoln and St. Charles Counties. Guard personnel have been requested to assist with additional sandbagging in West Alton.

Public Service Commission - Has returned to normal operating conditions.

University of Missouri Extension Service - Has returned to normal operating conditions.

Federal Agencies:

U.S. Army Corps of Engineers – The St. Louis District continues to monitor three levees between Hannibal and St. Louis that have a high potential for overtopping and flood fighting measures are ongoing.

Non Government Organizations/Volunteer Organizations:

American Red Cross - Disaster assessments are underway. Two shelters remain open in the State and 24 people occupy them at this time.

Salvation Army - A team for Stage Two cleanup will be located at Avery United Methodist Church 20704 S highway W Foley. 500 cleanup kits are ready for distribution.

Humane Society of Missouri – The Humane Society closed their last animal shelter out of Lincoln county Sunday evening, at Winfield but will be conducting search and rescue responses several times a week or as needed. They are waiting for the bulk distribution information to be available to set up at the locations with animal food. Anyone who sees animals that are in need of rescue in the flooded areas should call 314-647-4400.

AmeriCorp – Demobilization is completed in Clarksville and re-deployment is south to other flood affected areas along the Mississippi River. There is a need of cleanup items. A kitchen unit is on alert from the Missouri Baptist Convention.

United Way /211 – Currently 1200 volunteers have signed up to assist any municipality who is in need of personnel. from people who are volunteering services.

Civil Air Patrol - CAP ground teams and aerial photo recon flights are standing down and standing by for further requests.

National Weather Service Report

Clear tonight and mostly sunny tomorrow with lows in the upper 60s and warming into the 90s by Wednesday. A stalled frontal system will trigger numerous showers and thunderstorms over the State from Wednesday afternoon through Saturday.

Point of Contact:

The State Emergency Management Agency can be contacted at 573.526.9100 from 7:30 am - 4:30 pm. Calls after hours can be made to the SEMA Duty Officer Number at 573.751.2748.
